

# FCI WORLD CHAMPIONSHIP & CSS WORLD WINNER EVENT LURE COURSING

June 29 - July 2, 2023, Kristianstad, Sweden

# Dear participants, officials, sighthound friends and visitors

In name of the FCI Commission for Sighthound Sport (CSS), I welcome you at the CSS World Winner Lure Coursing and FCI World Championship Lure Coursing in Kristianstad, Sweden.

As president of the CSS, I am very pleased that the Svenska Kennelklubben and Svenska Vinthund-klubben organize our world championship this year. Already in 2020, they proposed their candidacy supported by the Swedish Kennel Club and the city of Kristianstad. A long period of preparation has preceded this event. I want to thank everyone that has worked and contributed to make this championship possible. With great anticipation and confidence, I am looking forward to being part of this 2023 Lure Coursing World Championship.

This championship hosts the participation of 22 countries with more than 800 dogs spread over 17 different breeds. It is the biggest Lure Coursing event of the year, it creates a special atmosphere of togetherness in our sighthound world between participants, officials, volunteers, friends and acquaintances. The quality of the runs we will see is determined by the national selection. Only the best dogs per breed and per country are sent to compete. The owners of the participating dogs have carefully prepared their dogs over a long period of time for this championship.

The performance of every dog will be judged by 6 different judges coming from 6 different countries. This provides significant added value to our championship. I want to thank the judges and officials for their commitment, expertise and all the free time they put in this event.

An event like this, spread over 4 days is not possible without the often-unseen work of many volunteers. They have committed themselves to work and care for us. They have spent and still spent a lot of their free time to make our championship possible. So, do not take them for granted and give them the respect they deserve.

The welfare and well-being of our beloved sighthounds is the highest priority for the FCI and the CSS. Our dogs give their best of themselves 'to catch the lure', they do not know the concept of winning, they just enjoy doing it! Do not forget that 'Participation is more important than winning'. Take care of your dogs by a good warming-up before and sufficient cooling down after they run.

I hope you will enjoy our championship, enjoy the exciting runs, participate in honouring all Winners and Champions and above all enjoy the company of like-minded friends. I wish you all a pleasant event and a safe competition without injuries!

Willem Vermaut  
President of the FCI Commission for Sighthound Sport  
Executive delegate of the FCI

## Dear All

One thing I have learned during the three years of planning of this championship is that a world championship lure coursing really is a serious project. It requires time, commitment, enthusiasm, patience and knowledge. As we all know "the devil sits in the details" and I can tell you that during all the meetings spent, for all involved personnel, details ranging from selecting the venue down to colours of taping have been thoroughly discussed. It is an enormous work to get all things right. I do hope we have covered most of the details. On Sunday evening we will know...

Appointing the judges to the different breeds and fields is an important task for the Head Judge. The Rule Book strictly requires that each dog must be judged, by six different judges from six different countries. This, together with the changing input from the different countries, makes the task somewhat tricky. Anyway, we do have a plan and one thing is certain - it will change again.

The track layouts have been discussed several times in the WCC steering team. In a WCC we really need to have track layouts revealing the dogs lure coursing capabilities. It is not good enough to have tracks with a few weak curves and no change of running directions or when the second dog has no chance of getting back in the game. Such tracks make it very difficult to score the dogs properly. We have studied suggested layouts on a map several times and we now have a set of tracks we think can work out fine. As an additional measure we will have six experienced judges walk the tracks to fine tune the lay out. We will also have several test runs on each track. I hope this will give well balanced tracks that judges and pilots like.

As I indicated above, there are "millions of details" to be handled, which of course cannot be worked through if you do not have a super dedicate staff in the project. Four of the five lure coursing clubs in Sweden have signed an agreement to provide personnel, lure machinery and their knowledge to make this WCC a success. As head judge, CSS delegate and as member of the SKK Test and Trail commission I am so happy for the support these clubs provide. Thank you so much!

I know that many persons have worked very hard during a long time in this project. But I think one person has worked harder than most of us and that person is: Camilla Johansson, the coursing director. She is so dedicated, so ambitious and so result oriented and without Camilla I doubt we would have a WCC23 here in Sweden. I want also to give Ulf, Camilla's husband, a big tribute. You know - without the support of your family it is hard to put in all the hours I know Camilla has put into this project.

The very basic statement for Lure Coursing is: "Lure Coursing must be fun for both owners and dogs!" For the dogs I think it is inherent in their mind - they love it. For the owners perhaps a reminder sometimes is in place. This is a hobby, something we do on our free time because we like it and we love to see our dogs run. I think it is wise that our lure coursing stays a nice friendly hobby where we can meet and have fun together.

Enjoy the WCC2023 and enjoy also to watch the very best sighthounds in the world running here in Kristianstad.

# The Swedish organizer wishes you a lovely stay at our World Coursing Championships 2023 in Kristianstad, Sweden

Sweden organizes this FCI Championship for the second time. We have been planning and working for this event for almost 3 years now So, we are really looking forward to meet you all!

We have prepared 4 tracks for you. For the first time on a FCI Championship one of the tracks is only for Italian sighthounds and Cirneco dell' etna. The purpose of this fourth track is that we wanted to be able to design a track layout especially for those two smaller breeds. We have tried to design all tracks for all our special breeds so that we can give all dogs the best conditions to do well on the field.

Four lure coursing clubs (LCK) and the headboard of lure coursing (PKLC) are working together to make this championship a success: LCK-south, LCK-west, LCK-svealand, LCK-bråviken.

You will all meet the more than 100 professional officials during the next days. They come from all over Sweden and they are all working together to give you the very best experience for you and your dogs.

I would like to take the opportunity to thank all our officials for their hard work, without them this would not have been possible. Also, a humble thank you for letting me be a leading part of this professional team.

Three of the tracks are driven by our electrical machines and 1 of the tracks are driven by petrol motors. Most of the pulleys are handmade here in a workshop in Kristianstad and are of the best Swedish quality. The lures are made of high quality plastic which will ensure very good visibility throughout the competition.

You will have a big variety of food, drinks and dog supplies at our selling stands and you can find them all in the scene area.

All our sponsors deserve a big thank you, for all the support they have contributed with and especially Kristianstad municipality that has helped us a lot, without this support the WCC 2023 would not been realised.

We wish you all a lot of success and fun times at our lure coursing event and hope that you may bring a lot of lovely memories home.

Enjoy the WCC2023 and enjoy also to watch the very best sighthounds in the world running here in Kristianstad.

# Sweden hosting the World Championship in Lure Coursing

In an exciting development for dog enthusiasts, Sweden has been selected as the host country for the upcoming World Championship in Lure Coursing.

Lure Coursing is a competitive sport that originated from the age-old practice of hunting with sighthounds. The dogs' natural instinct to chase prey is utilized in this sport, where they are tested on their ability to track and pursue a mechanically operated lure that mimics the movements of a small animal.

Sweden's selection as the host country for the World Championship is a testament to its commitment to promoting and preserving the heritage of sighthound breeds. The country boasts a rich history of nurturing and training sighthounds, making it an ideal location for this prestigious event. Swedish organizers are known for their expertise in organizing dog sports events and are fully prepared to deliver an exceptional experience for both participants and spectators.

In addition to the thrilling competitions, the event will also provide a platform for enthusiasts to exchange knowledge and experiences, fostering a sense of camaraderie among participants. Spectators can expect a vibrant atmosphere filled with passionate supporters cheering on their favourite dogs.

PKLC prepares this remarkable event, with rigorous planning and preparations to ensure a seamless and unforgettable experience for all involved. The organizers are working closely with local authorities and animal welfare organizations to ensure the welfare of the participating dogs and to maintain high standards of safety throughout the championship.

The World Championship in Lure Coursing promises to be a celebration of sighthounds' remarkable abilities and the bond between humans and their canine companions. It will undoubtedly be a memorable event that will leave a lasting impression on both participants and spectators. Get ready to witness the world's finest sighthounds in action as Sweden welcomes the global Lure Coursing community for this prestigious championship.

## LÖV IT FOOD TRUCK

We are devoted to bring street food to another level. We make food from scratch, ecological, locally produced and only Fair Trade products. We take care of our environment and sort all our trash. We also recycle waste. We aim to bring our hearts in every single moment of the food making process. We create homemade dishes with that little extra. Our menu is about that extra homemade food, food from Sweden with a touch of Greece. We also provide homemade gluten free and lactose free food.

DOG-FRIENDLY CITY OF KRISTIANSTAD

## Welcome to the dog-friendly city of Kristianstad

We would like to welcome you and your dog to Kristianstad. We are delighted that The Swedish Sighthound Club has chosen to organise the World Championship in Lure Coursing here.

Kristianstad has always been a dog-loving city, with more than 12,000 dogs residing in the municipality. But since we hosted the World Agility Championships in 2018, dogs have gained a special place in our hearts.

There is a lot for you and your dog to discover and experience in the area. Several of our accommodations, restaurants and shops are particularly dog-friendly.

We look forward to giving all visiting two-legged and four-legged guests a pleasant experience here.  
You can find all the information you need at  
[www.visitkristianstad.se](http://www.visitkristianstad.se)

Welcome!
